Kaska Goose Lodge offers the ultimate in waterfowl hunting adventures. One of the last pure hunting lodges remaining in the remote wilderness of the Hudson Bay Lowlands, Kaska offers a truly unique hunting experience.

Our hunters must share this prime goose habitat with other residents of this rugged land - polar bear, moose, caribou, black bear, wolverine, wolf and Arctic fox.

In addition, a variety of raptors and shore birds also make the Hudson Bay Coast their summer home.

MISSION STATEMENT

Our mission is dedicated to the safety and enjoyment of our guests' wilderness fishing or hunting adventure.

We pledge to provide unparalleled value and service to our guests visiting our fishing and hunting lodges.

Our lodges combine exceptional natural resources with the finest in friendly, personalized service and top-quality equipment to anticipate and fulfil our guests' wishes, ensuring a truly memorable experience.

A Great White North wilderness adventure stimulates the senses, rejuvenates the spirit and relaxes the mind.

Kaska Goose Lodge Ltd.
Hudson Bay Lowlands, Manitoba, Canada

Dear Guests,

I would like to take this opportunity to thank all our guests whom we have had the pleasure of hosting at our lodge during the season that has just ended as well as those whom visited us during seasons past.

It is our goal to provide you with a safe, enjoyable and memorable wilderness adventure, which also offers you good value.

There are always mixed feelings when another season comes to an end. While we are happy to be going home to family and friends, there is also a tinge of wistfulness to be leaving the peaceful wilderness setting of the lodge where we were able to experience the beauty and wonder of nature first-hand and also enjoy the interaction and camaraderie of our staff and guests.

Over the years we have developed lasting friendships with many of our guests and look forward to visiting with them at one of the sportsman's shows we attend during the off season, or even better - spending time with them on their next visit to our lodge.

No sooner do we leave the lodge, than we start to make plans and look forward to our next season. As we age we have the sensation that time, including that time between seasons, passes more rapidly and in what seems like a blink of an eye it is once again time to pack-up and head back into camp for another season.

Those of whom we have had the privilege of serving in the past we invite you to return to acquaint yourself with our spectacularly beautiful and serene wilderness setting - and exceptional waterfowl hunting and angling! We also extend the invitation to those whom we haven't had the pleasure of hosting - yet.

We'll be at the airstrip to greet you!

Although the main reason you will visit Kaska is to hunt the abundant varieties of snow geese and Canada geese, ducks and willow ptarmigan, and possibly testing your luck to catch-and-release the beautiful sea-run brook trout in the Kaskattama River, Kaska isn't just about the hunting and fishing.

The scenery is breathtaking with numerous opportunities to view exotic wildlife in their natural habitat, whether from the comfort of your cabin, on the trail, from your hunting blind or from the helicopter, which is based at Kaska each fall.

On our clear, cold September nights the Aurora Borealis can be seen shimmering like a curtain in the night sky against a backdrop of thousands of brilliant stars.

For discerning waterfowl hunters looking to experience more than just a hunting trip Kaskattama Safari Adventures offers the ultimate in wingshooting adventures in the remote wilds of Manitoba's Hudson Bay Lowlands, hundreds of miles by air from the nearest civilization.

Location and Travel Information

Kaska Goose Lodge is located 650 miles north of Winnipeg and 181 miles NE of Gillam, MB. We fly our guests from the gateway city of Winnipeg via chartered or a combination of commercial scheduled flights and charter aircraft to our runway at Kaska

Our charters depart from the St. Andrews Airport at about 6:00 AM on our changover days, so guests must arrive in Winnipeg the day prior to their scheduled trip date and overnight so they are ready to head north first thing in the morning.
